

# *BpPremier* SUMMIT 2025

**The Future is Bright**

Insights into Government and Industry Trends

Jess White and Bec Bland

# **What's happening in the Government space?**

Insights into what is coming and preparing your Practice for change.

# The next twelve months:

## National Lung Cancer Screening Program

1<sup>st</sup> July 2025

Available now in Bp Premier via NCSR.

## CCM, Menopause Health Assessments, Wound Management Program

1<sup>st</sup> July 2025

## AIR Mandatory Reporting Changes

October 2025

New data fields for maternity imms must be sent to AIR. Version coming soon!

## Nurse Prescribing

September 2025

RNs can begin training to enable right to prescribe.

## New Bulk Billing Incentives

1<sup>st</sup> November 2025

Expanded patient eligibility, LARC items, and Bulk Billing PIP!

## ePrescribing Conformance

Mid-2026

Update to your software to improve back-end eScript infrastructure.

## Share by Default

Deadline TBD, already happening organically.

Mandates the upload of documents to MHR for certain providers.

## My Health Record Security Reqs

TBD 2026

Changes to your software and practice may be needed to access MHR.

## Mental Health Treatment Plan Changes

1<sup>st</sup> November 2025

Changes to MBS items for MHTPs, and linkage to MyMedicare (like CCM!).

## Assignment of Benefit Changes

9<sup>th</sup> January 2026

New methods to digitally capture and store – more info coming soon!

## More to Come!

Projects like **FHIR forms** for clinical tools, **interoperability** between softwares, **MyMedicare** programs, and more.

# Chronic Wound Consumables Scheme

Available now!

## What is the Chronic Wound Consumables Scheme?

- ✓ Supports people with diabetes and with a chronic wound who are:
  - ✓ Aged over 65 years, or,
  - ✓ A First Nations person aged 50 years or over,
  - ✓ Not receiving wound care or funding via other schemes.
- ✓ Eligible clinicians can **complete training**, then order consumables via the **CWCS portal** in PRODA.
- ✓ Currently, **1,458 consumables** are available to order via the scheme at no cost to patients or providers!

Visit <https://www.health.gov.au/our-work/cwcs> to find out more and view the catalogue of eligible products.

More than **450,000** Australians suffer with wounds each year.

Wounds can significantly impact patients' **budgets, lifestyles, and physical and mental health.**

Ordered wound care products will be **delivered to a patient's home** or your practice at no cost.

## Bulk Billing: Increased Incentive Scope

- ✓ Bulk Bill incentive items will apply for **all Medicare-eligible patients!**
- ✓ The value of the Bulk Bill Incentive MBS items will continue to scale based on **service provided** and **location**.

## Bulk Billing: Practice Incentive Program

- ✓ Value of PIP is **12.5% of every dollar** of BBed services for the reporting quarter,
- ✓ **All billers must BB all eligible services** (meaning GP NRA MBS items),
- ✓ Practice must also be **MyMedicare registered** and **advertise participation**.

## Bulk Billing: Loading for LARC Services

### *Long-Acting Reversible Contraceptive changes:*

- ✓ **Increase in MBS item** value for GPs,
- ✓ New MBS items for **Nurse Practitioners**,
- ✓ **New MBS loading items** when all LARC services are bulk billed for the patient.

## Mental Health Treatment Plan Changes

- ✓ Removal of **Mental Health Care Plan Review**, and **Mental Health Treatment** consultation MBS items in favour of **time-tiered professional attendance** items,
- ✓ Introduction of **MyMedicare**, with same implementation as CCM planning.

**More information to come – we will keep you up to date!**

# Assignment of Benefit Changes

*Coming 9<sup>th</sup> January!*

## ***The Legislation***

- ✓ Changes to the **Health Insurance Act** for Assignment of Benefit have passed parliament.
- ✓ These will take effect from **9<sup>th</sup> January 2025**.

## ***What's Changing?***

- ✓ Patients **must** assign their benefit before bulk billing a service,
- ✓ The Billing Provider **must** retain proof of this assignment occurring.

## ***The Good!***

- ✓ DB4 forms are not the only option!
- ✓ Pathways for **Digital assignment**, **Pre-assignment**, and for **Enduring Assignment** have been introduced.

## ***To Be Determined***

- ✓ When will all of these pathways be available?
- ✓ What does resubmitting an exception look like?
- ✓ What communications from the government will look like?

*There is a lot more information to come, so don't panic!*

*We will keep you up to date as we learn more!*

# BpPremier SUMMIT 2025

## Sneak peak: Online Prescription Authorities

Generating a PBS authority via PRODA can require over **80 clicks**, and logging into **three or more systems**.

Australian National Audit Office (2024) data shows **phone call response times average >100 seconds**.

Functionality to obtain a PBS authority **directly within the prescribing workflow** in Bp Premier is coming!

New Rx - Amoxicillin 100mg/mL Drops

Authority Approval Hotline: **1800 888 333** Patient name: **Mr. Reuben DEAN**

Patient Medicare No.: **5950067773 Line 1** Authority Form No.: **12346211** Prescriber No.: **1234567**

Authority item: **Amoxicillin 100mg/mL Drops**

Quantity: **1** x 20mL Repeats: **0**

PBS listed Indications for Authority:

Indication

Infection suspected or proven to be due to a susceptible organism

Indication detail:

Infection suspected or proven to be due to a susceptible organism

Clinical criteria:

\* The treatment must be for patients who require a liquid formulation and in whom the syrup formulations are unsuitable.

**Application Assessment Result**

Patient	Test Patient	Prescriber and number	Dr Example - 0000001	Date of prescribing	08/08/2024	Authority prescription number	123123
---------	--------------	-----------------------	----------------------	---------------------	------------	-------------------------------	--------

Selected PBS item - Authority Required

Item name	MODAFINIL	Form and strength	100MG TABLET, 60	PBS prescribed quantity	120	PBS prescribed repeats	5
-----------	-----------	-------------------	------------------	-------------------------	-----	------------------------	---

Item code

Assessment Result

Your PBS Authority application is **Approved**

Your PBS Authority Approval Number is **98765432**

Authority Prescription Number **123123**

Authority restriction code **10949**

[Display Restriction Detail](#)

Reason Code	Reason Type	Reason Text
-------------	-------------	-------------

Authority Unique Id **123456789123**

# But wait, there's more!

## Share by Default

**Pathology** and **Imaging** results required to be uploaded to MHR.

Expansion into other areas, like recording **Reason for Encounter**, are possible future requirements.

## My Health Record

New Security Conformance Profile will introduce security improvements like **Multi-Factor Authentication**, and **Session Inactivity** in Bp Premier.

## AI Regulations

The **TGA**, and **other regulatory bodies** exploring the guardrails that are to be implemented to govern the usage of AI, both in and out of the medical context.

## My Health Record

Improvements to experience **searching for an HPI-I** for providers, and exploring possibilities for **point of care notifications**.

## Cloud Focus

Federal Government is exploring opportunities to prioritise cloud-first implementation of new projects. Don't worry, Bp's got you!

## Interoperability

Entire medical software industry streamlining data with common **FHIR** terminology. Unlocks features like **Patient Summaries** that combine GP and Hospital data in one view!

**And much more!**

# How do I stay up to date?

## *What are some good sources of information?*

- ✓ Bp! Stay in the loop via our **Evolution** and **Educate** newsletters,
- ✓ Your **third-party software** providers,
- ✓ **RACGP**, **AAPM**, and other peak bodies,
- ✓ **Medicubes**, **The Good GP**, **Talking HealthTech**, and other podcasts,
- ✓ **Pulse IT**, **The Medical Republic**, and other news sources.

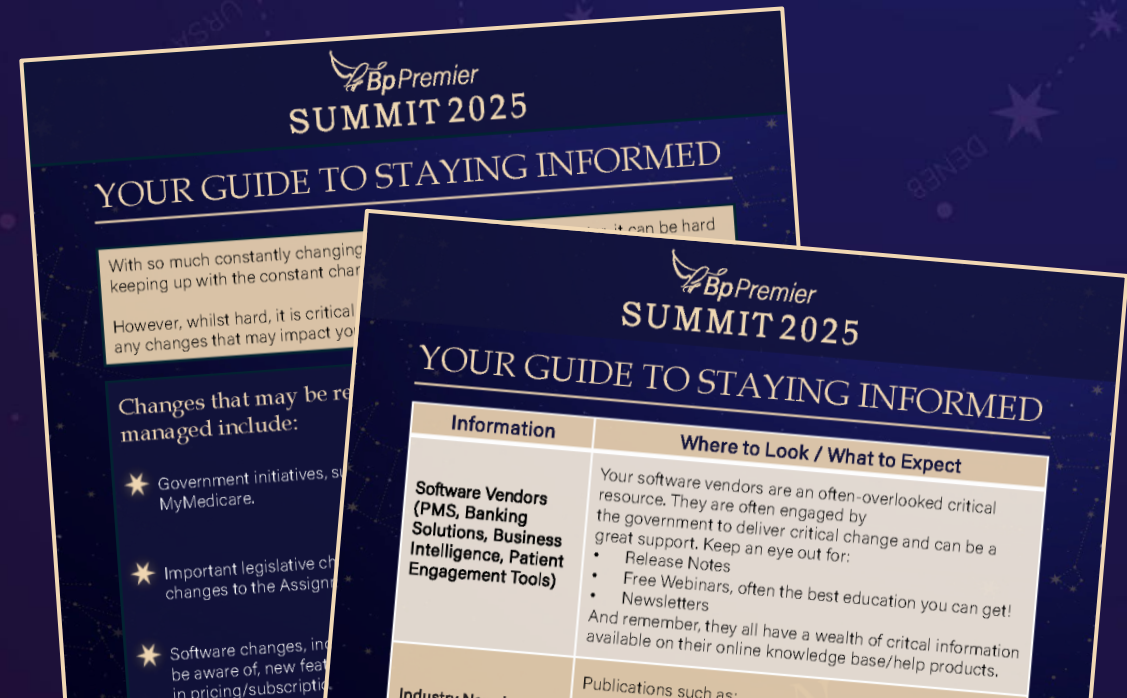

## *Who in your team should get involved?*

- The most successful practices find opportunities to **involve the entire team!**
- Consider assigning a **responsible team member** to an individual project or initiative, or an information source.

**Your Guide to  
Staying Informed**

# The Bp Partner Network Ecosystem

# Where to get started?

# What's Coming: BESTMED

## What will be integrated with Bp Premier?

- ✓ Launch BESTMED directly from the Bp Premier clinical record,
- ✓ Access **real-time medication information** and charting for patients in residential care,
- ✓ **Synchronise medication changes** with your local Bp Premier clinical record seamlessly.

## Why are we excited about BESTMED?

- Eliminate human errors from manual medication change transcription,
- Improved patient safety from accurate records,
- Save hundreds of hours of admin for clinicians!

*Bonus Feature – ability to **save prescriptions** from a patient's MySQL alongside BESTMED integration!*

The screenshot displays the BESTMED software interface. At the top, a large blue and red oval logo reads "BESTMED". Below this, the interface is divided into several sections:

- Patient Information:** Displays details for Horacio Green, including Name, Address (548 Edith Place Hahndorf 5245), Medicare No., Record No. (219), Occupation, Blood Group, and various medical history fields like Allergies, Adverse Drug Reactions, and Notifications.
- Medication Profiles:** A section titled "Medication Profiles" showing a table of medications. The table has columns for Date Created, Created By, Number of Medication, Status, and Prescription Chart. A medication profile for "RAMIPRIL 10mg CAP (TRITACE)" is shown with a status of "Active".
- Regular Medication:** A section titled "Regular Medication" showing a table of medications. The table has columns for Generic Name (Brand Name), Strength, Prescribed As, Route, Directions, Start Date, and Medication time (Dose). A medication profile for "RAMIPRIL 10mg CAP (TRITACE)" is shown with a status of "Active".
- Observations and Administrations:** A section titled "Observations and Administrations" showing a table of observations and administrations.

The interface also includes a sidebar with navigation options like "Today's notes", "Past visits", "Current Rx", and "Past history". At the bottom, there are links for "Add New Medicine", "Cease All / Oral Medications", and "Full Medication Chart Review Completed".

# What's Coming: Medcast

## *What will be integrated with Bp Premier?*

- ✓ Launch Medcast directly from the Bp Premier Clinical Record,
- ✓ Access to the entire Medcast content library.

## *Why are we excited about Medcast?*

- Earn CPD while you work with **point-of-care learning**,
- **AI clinical search tool**, Mia, will soon deliver clinical insights right from Bp Premier,
- Access **Best Practice training** to support continuous learning for new and existing staff.

***Exclusive offer! Bp Premier customers receive a 10% discount on Medcast education offerings!***

# What's Coming: Flexible Payment Options

Functions in Bp Premier such as an **SMS to a patient** with a link to make payment.

Integrated claiming for schemes such as **TAC, WorkCover, iCare**, and more from Bp Premier.

**Surcharging**

**Digital Payments**

**Online Payments**

**Scheme Claiming**

**Private Health**

Options to enable **surcharging for transactions** via Bp Premier.

Integration for digital payments in **Best Health Bookings** and beyond.

Integration of **Private Health Insurance** claiming within Bp Premier.

**tyro** Health

**You'll start seeing these from 2026 onwards!**  
Powered by **Tyro Health** and **HICAPS**.

**+ HICAPS +**

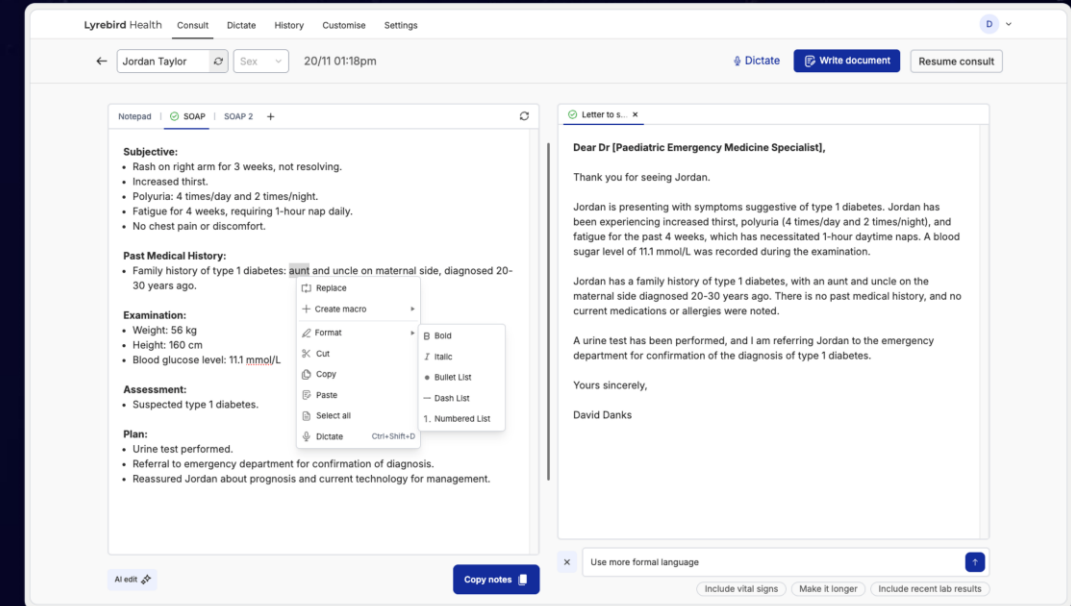

# What's Hot: Lyrebird Health

## What's integrated in Bp Premier?

- ✓ Brand new **GP CCM Planning** module!
- ✓ Comprehensive **Mental Health Care Planning**,
- ✓ **Launch** Lyrebird directly from the Clinical Record,
- ✓ Record **Today's Notes, Observations, and Documents** to Bp Premier.

## Why are we excited about Lyrebird Scribe?

- Focus **on patients** not on paperwork,
- Australian-built, Australian-hosted, and Australian-trusted,
- Designed to work the way that you work!

### Smart Dictate

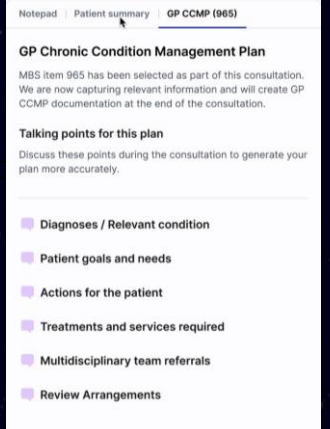

Write me a letter to the patients school and use informal language, Sarah is a 15 year old who has recently been

### Letter to School

Dear Mr {teacher name},

I hope you're all doing well! I'm reaching out about one of your students, Sarah [Surname], who's currently under our care at Applesseed Clinic. She has been diagnosed with ADHD, and we're working on a plan to better support her both at home and in school.

To help us understand how Sarah is getting on at school, we'd really apprecia...

*An exclusive offer for Bp Premier Summit attendees!*

Bp Premier Summit attendees get **free access** to Lyrebird, Australia's most trusted AI scribe.

Record unlimited consults, directly from Bp Premier.

Scan the QR code or visit [lyrebirdhealth.com/bp](https://lyrebirdhealth.com/bp) to start!

*Offer valid until August 31, 2025*

# What's Hot: Xaida by Avant Practice Solutions

## *What's integrated in Bp Premier?*

- ✓ AI-powered medical receptionist that integrates with your telephone system,
- ✓ **Assist patients** with bookings, and with answering common questions about your practice,
- ✓ Increase patient satisfaction, with 24/7 availability, **zero wait times** for calls to be answered,
- ✓ Calls are **escalated to your practice team** as soon as required.

## *Why are we excited about Xaida?*

- Built on **medical standards** and frameworks,
- Trust and compliance embedded into the core,
- Developed from **real conversations**, Xaida understands and handles enquiries with care.
